

5 April 1965

Dear Jim:

STATINTL
STATINTL

You will recall a message from DNRO requesting the transfer to [] at Hycon of two 66" Lanyard lens. I arranged for Maury to pick up instruments 07 and 08 at the depot, return them to A/P where [] will then remove the glass and re-package the equipment for return to the depot. Will you request [] your contract counterpart at Boston to authorize [] to remove the glass as soon as the two units are pulled from storage.

STATINTL

Would appreciate your asking [] if they have available the two containers for shipping the 66" lens. These things weigh 250 lbs. each and will have to be handled with care. The shipping containers are fairly important. I believe the only available shipping containers are at Boston.

Sincerely,

Art
